**Pricing Notes:**

- Unit Prices are based on individual Order quantity. Orders must be in the quantity indicated. The unit pricing applicable to each Order is determined on a stand-alone basis and does not take into account prior or subsequent Order quantities.

**Delivery:**

- Shipments commencing within 1-2 weeks after final acknowledgement of order or receipt and acceptance of initial release PO if applicable. Lead time is based on current production volumes and is subject to change at time of order.

**Semrock Improvements and Exceptions Made to Original Part Specifications:**

- This quote is good for 90 days from the issue date. The quote number must be referenced on all orders.

**Technical Notes:**

- Semrock endeavors to use its reasonable best efforts to produce and ship the quoted quantity. As this product is customized for your use and there are unavoidable variations in usable output from lot to lot, Semrock reserves the right to consider a purchase order closed once a substantial portion of the quantity ordered is shipped. In that event, we will honor unit pricing based on the purchase order quantity.
- Semrock offers exclusively hard dielectric coatings for excellent long-term temperature and humidity resistance and high optical damage thresholds. An extensive reliability report is available.
- Specifications for catalog products are listed on Semrock's website (www.semrock.com).
- All unspecified properties are left to Semrock's discretion.
- Semrock quoted specifications supercede any and all customer documents and/or drawings.

**Warranty and Compliance:**

- Semrock warrants that its optical filters will meet their stated specifications under normal use for 10 years from the date of sale. Details as per the warranty statement at www.semrock.com.
- Semrock products are compliant, without exceptions, with EU Directive 2011/65/EU, Restrictive Use of Hazardous Substances (RoHS). Semrock has instituted controls to ensure our suppliers provide only RoHS compliant materials for our products.
